* Dimensional Earrings

G = Gold only

Necklaces \$25 gold / \$18 silver

Single pendant with 18" solid sterling or 18k gold-filled rope chains to match your favorite earrings. (Order N-earring code.)

Our Products

Ornaments, earrings, and village buildings are etched in brass, then coated with 24k gold or rhodium for heirloom, tarnish-free finish.

Christmas Ornaments are highly reflective, lightweight, and collectable, many 3 dimensional or with moving parts. The engravable finish can be personalized by your jeweler or other hand-engraver.

Our earrings are incredibly lightweight.

People tell us they are the most comfortable earrings they've ever worn! Earring wires are gold filled or solid sterling silver.

The Candle Village is beautiful on a mantle or in a window –new pieces are added annually for collectors. All pieces can be cleaned, if necessary, with jewelry cleaner and a soft cloth.

* Starred items available with "Maine". Please specify.

A-11	Wedding Cake House	24.00

About the Artist – Susan Pine

“I work to express my designs in metal, creating items that are functional decoratively, while also having intrinsic worth as artistic collectibles. The high detail and delicacy that the process of acid-etching affords me is the basis of my work.”

For the most part self-taught, Susan has studied at the Haystack School of Crafts and exhibited nationally. Her work can be found in select shops throughout the U.S.
